

Choose Ausganica

5 GREAT REASONS TO CHOSE US!

Certified Organic

NOT MERELY "NATURAL," OR SO-CALLED "ECO"

A lot of brands claim they are "natural," "green," or even "organic" without any certification - but who can really say? Are they really healthy or just good at marketing? Here we have the certificate from the HIGHEST national standard.

Affordable Family Range

ORGANIC CARE SHOULD BE FOR EVERYONE

Gone are the days when organic meant "over-priced." Here we are giving you a premium, functional organic product that performs *even better* than brands costing twice as much. And they're not even organic! Actually our value in this category, we believe is unbeatable.

Bio-Active Hair and Scalp Remedies

SOLVE HAIR AND SCALP PROBLEMS WITH HIGH QUALITY PLANT EXTRACTS

Our Bio-active range has functional ingredients often found only in much more expensive leading salon brands, - things like Argan (Moroccan) Oil, Rose Hip, Hibiscus, and Gotu Kola - we give them to you organically and they *really, really* work!

Fair Trade Ingredients, Not Tested on Animals

A PRODUCT YOU CAN FEEL GOOD ABOUT, IN A VERY FAST GROWTH CATEGORY

Everyone knows it, the market for green, healthy, organic products is rapidly expanding - but it's a category that very few brands are positioned to address, especially at a consumer friendly price-point. Here we are ethically sourced, vegan, cruelty free and a certified organic processor. We meet most LOHAS (lifestyles of health and sustainability) consumers values at a price they can actually afford.
